

HOME ENERGY RATING SYSTEM (HERS)

THE ANGEL PLAN 1

ESTIMATED MONTHLY SAVINGS
\$61

This energy-rating system is an analysis of a homes' energy efficiency. The HERS nationally-recognized scoring system measures homes energy performance.

- **Energy-Efficiency is standard at Calaveras Place**
- **Much better than a resale home!**
- **Smart Vent System**
- **Estimated Monthly Energy Savings, \$61**

*The energy efficiency level and estimated energy costs and savings are determined in part by the California Energy Commission (CEC). Your actual homes' performance and energy/utility savings will vary over time and personal home usage and other factors. Please see the Sales Representative for further details.
