

HOME ENERGY RATING SYSTEM (HERS)

THE GRAND TRELLIS PLAN 2X

ESTIMATED MONTHLY SAVINGS
\$82

The HERS index energy-rating system is an analysis of a homes' energy efficiency. This nationally-recognized scoring system measures a homes energy performance.

- **Solar is standard at Rose Park 2**
- **You may get a tax write-off***
- **Estimated Monthly Energy Savings, \$82**

*The energy efficiency level and estimated energy costs and savings are determined in part by the California Energy Commission (CEC). The Solar Electric System provided by Florsheim Homes is warranted per the terms of our subcontractors. Your actual homes' performance and energy/utility savings will vary over time and personal home usage and other factors. As well, your tax write off for the Solar system installation is dependent on your personal tax filing information and applicable to year one, after your closing, only. Please see the Sales Representative for further details.
